# Langkawi Island

*The Langkawi archipelago is a cluster of 99 islands just off the coast of Kedah, close to Perlis and just south of Thailand. Pulau Langkawi, noted for its legends and beautiful views, is the most developed in the group. It has good beaches, abundant marine life and offers an idyllic retreat from the urban jungle. A duty-free port, this island of scenic, tranquil landscapes, has become a favourite destination for local and international visitors alike.*

**Pantai Cenang Beach** - only 3km from the Langkawi International Airport and about 25km south-west of Kuah is the famous beach of Pantai Cenang where most of the beach chalets and resorts are located. It is a lively beach with a number of restaurants and bars offering good food and drinks. There are facilities for sailing, canoeing, snorkeling and fishing.

**Pantai Tengah Beach** - is a quieter stretch of beach that curves past a rocky point. There is less development here, but like Pantai Cenang, there are sailboats, catamarans and canoes for hire. Nearby is the Langkawi Golf Club, an 18-hole golf course which fronts the beach.

**Teluk Datai** - to the north-west of the island is way off the main road, but it has the most exclusive golf course on the island. There is a beach near the resort meant mainly for resort guests. There are several jungle trails that take you down to the sea.

**Tanjung Rhu** - has one of Langkawi's best beaches. The shallow water makes it fine for swimming, and a sandbank links it to a nearby rocky outcrop. The Gua Cerita, or Cave of Legends, is just around a promontory and can be reached by boats that are hired on the beach.

*Here are some suggested tours that you can take during your stay in Langkawi. We suggest you purchase this through the Ground Operator in Langkawi, as the price will vary depending on the total number of people that they have on the day of departure. The tours are subject to a Minimum of 4 or 6 people.*
