Our enviable success in service, combined with our frequency of flights to more than 100 destinations across 6 continents, are only a few reasons why so many Australians have made Malaysia Airlines their carrier of choice.

Let your holiday begin the moment you step on board. Come onboard our B747 & 777 fleet to experience our fully integrated in-seat personal entertainment systems in all our classes. Choose from a selection of popular TV shows, latest release movies, interactive electronic games, sports channels and news, or close your eyes and tune in to your favourite music.

The seamless blend of innovation is also apparent during meals. Star-rated chefs from across the globe have been

brought together to create a series of signature dishes exclusively for your dining pleasure. It's Malaysia Airlines' way of bringing you world cuisine at 39,000 feet.

Malaysia Airlines is one of only 6 airlines in the world to be awarded with the prestigious Skytrax 5 star Airline status.
